

# COPSystem

Name: **Sarah Sample**

Date Completed: **2/13/2018**

## Interests (COPS)

Your interest profile is plotted below. A percentile number is printed inside the bars. Each number shows your approximate position on each scale as compared to other people at your educational level who have taken the COPS. If your score is near 50, about half (50%) of others fall below you. The higher your score the greater your interest is compared to others. [Read More >>](#)

### Your Highest Career Groups on the COPS are:

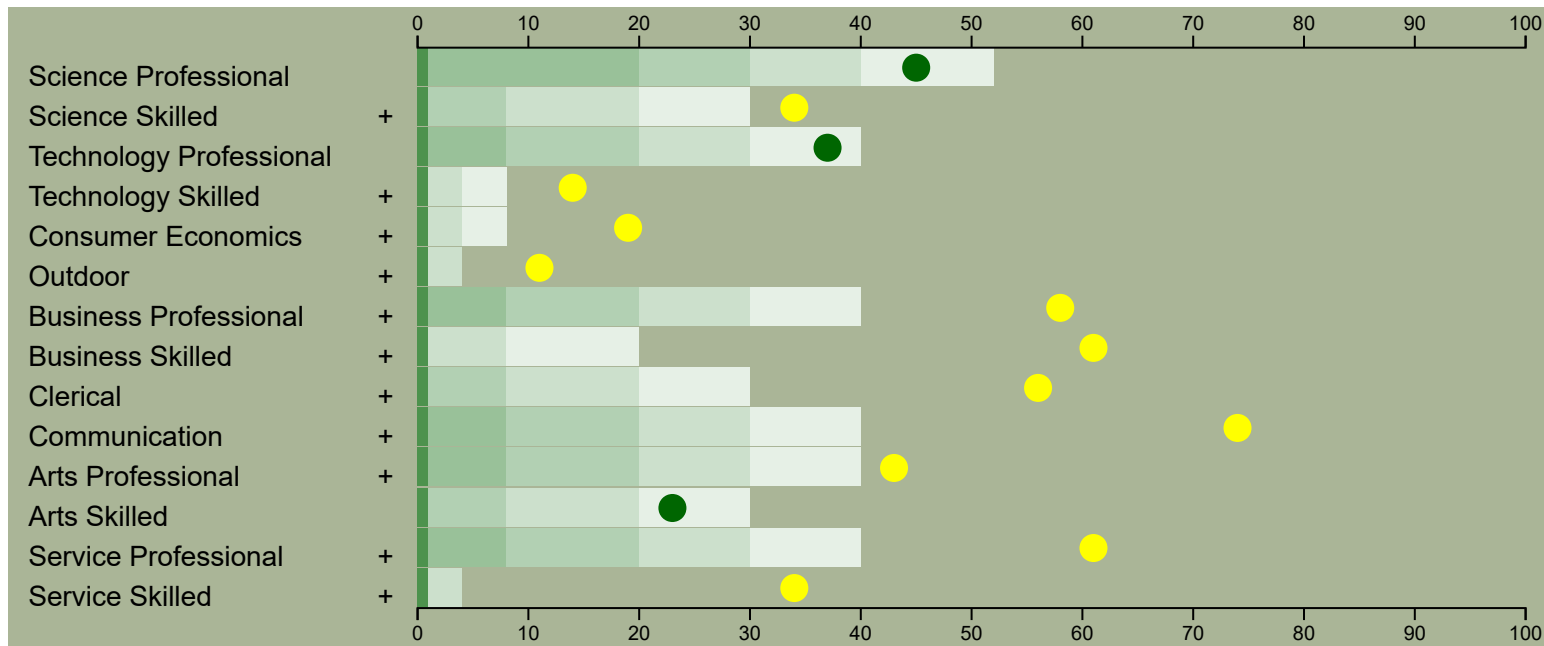

**Outdoor; Business Professional; Service Professional;**

**Abilities (CAPS)**

Your score is marked with a plus if it is in the solid green portion or at the upper edge of the lightest shaded portion of each career cluster. The plus indicates that your measured abilities are currently at a high enough level for probable success in most occupations in that cluster. Remember, for success it is necessary that you continue to get the training and skills needed in these clusters. In interpreting your profile, concentrate on the distance of your scores from the dark shaded area. Peaks in the profile may not be significant because the shaded areas are different heights. Consider whether other things you know about yourself are consistent with your profile. Some of your ability scores may appear in the darker green portion of the Career Profile. If you are interested in careers in these areas and motivated to do well, you may want to take classes or participate in other activities to improve your skills. Your COPSsystem Comprehensive Career Guide will help you in these choices.

**CAPS Career Profile**

**Your separate ability scores are plotted below**

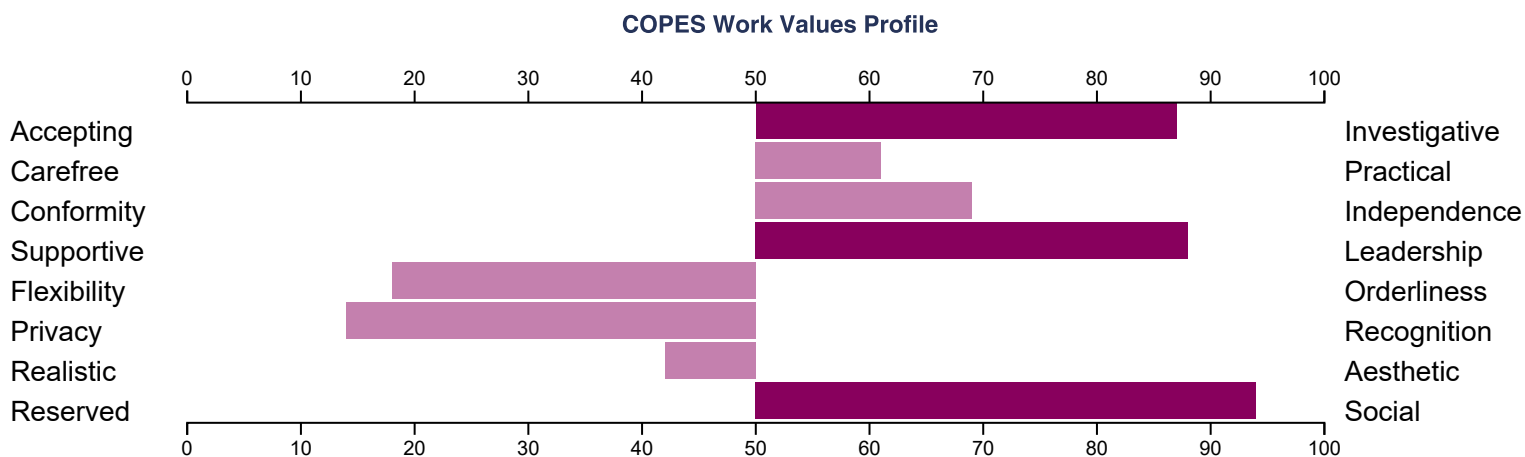

Your scores are represented by a bar that shows your abilities compared to others at your educational level. If your score is near 50, about half (50%) of others fall below you. The higher your score, the greater your ability. See your COPSsystem Comprehensive Career Guide for a further description of your results. [Read More >>](#)

**CAPS Ability Profile**

**Work Values (COPES)**

Your scores are represented by a bar that shows your work values as compared to others who have taken the COPES. Scores to the left of the center show a preference for values listed on the left of your profile. Scores to the right of the center show a preference for values listed on the right of your profile. The closer a score is to either end of the profile, the more important that work value probably is to you. Your three most important scores are marked with a darker bar. If your score on one of the scales falls at or close to the center, you are moderately concerned with that work value. Select the 'Read More' button for a description of these values. - career planning skills
- educational planning skills
- how to find college information
- applying to a college or university
- applying for financial assistance
- finding military services information

### Summary

Those career groups below where your interests, abilities, and values match are marked in gold and show you the clusters you may wish to explore. First consider those clusters where your interests, abilities, and values are high and all three are gold (😊💡❤️). Next, consider those groups where you have silver icons where interests and values (😊💡) or where interests and abilities (😊❤️) match. The bronze icons indicate one match either for interest, abilities, or values in a particular cluster. Your COPSystem Comprehensive Career Guide will help you in your career exploration.
